**FOR THE ATTENTION OF THE PRESIDENT, MEMBERS OF THE EXECUTIVE COMMITTEE, COACHES, PLAYERS AND ALL CLUB MEMBERS.**

Please find enclosed cheque for £3133.46. It is also our wish that £1000.00 of this donation is presented to Kay Weeks and her amazing special squad. We're sure Kay will know how to put this money to good use!

It is also with regret that Andy and I feel that £3000 over three years is somewhat of an embarrassment and although we fully appreciate that club members cannot be forced to use our services we feel that perhaps enough is not being done by the club to raise awareness of the potential funds that could be raised. Vehicles have to be maintained and serviced and as we have Trading Standards accreditations, are a local company, operate a collection and delivery service and offer an outstanding quality of work at a fair price for all makes and models including vehicles still under warranty feel that the club could generate far in excess of £1000.00 per year!

May we bring to your attention also that we have not seen one vehicle from your 1<sup>st</sup> team?

We have a handful of regular Stockport RUFC customers \_ the most prolific being Mike Whetter and Kay Weeks to whom we thank for their longstanding custom and commitment to this scheme.

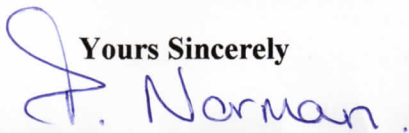

We hope these comments will be duly noted and let's together try to raise even more much needed funds for the club.

To date Riverside has donated over £10,000.00 to your club and with a bit more profile we feel this amount could be doubled or indeed trebled.

As a medium sized business we feel that a 20% donation for every invoice raised in the current economic climate is more than generous and yet it seems a shame that club members do not seem able to take advantage of this and raise funds for their club.

We would appreciate any feedback from this letter to the address above.

Yours Sincerely

**Pauline Norman**  
Company Secretary
