<b>GRAND TOTAL</b>										

## **RULES**

- The punter displays his/her confidence by predicting the outcome of each Pool Game at this year's World Cup, whether it is a win for Team A or B by naming the winning team and also the winning margin or maybe selecting a Draw by ticking the appropriate box. Should you wish to predict a Draw then please enter the words "DRAW" in the winning team box.

*The Example show on the form predicts Wales to beat Australia by a winning margin of between 11 and 15 which if correct would give you a total of 5 points for that prediction. (1 point for the correct winning team and 4 points for the correct winning margin)*

- Points will be awarded for both the correct prediction and winning margin (unless the match is drawn )as follows:-

Correct Prediction of winning team will score	<b>1 point</b>
Correct Prediction with winning margin between 1 and 5 points will score an extra	<b>2 points</b>
Correct Prediction with winning margin between 6 and 10 points will score an extra	<b>3 points</b>
Correct Prediction with winning margin between 11 and 15 points will score an extra	<b>4 points</b>
Correct Prediction with winning margin between 16 and 20 points will score an extra	<b>5 points</b>
Correct Prediction with winning margin between 21 and 25 points will score an extra	<b>6 points</b>
Correct Prediction with winning margin more than 25 points will score an extra	<b>7 points</b>
Correct Prediction of Drawn Match will score an extra	<b>10 points</b>

The referee's (**Clive Davies**) decision is final and cannot be challenged.
