Protocol for Club Sposored Coaching Courses

The following conditions apply to all applications to attend coaching courses:

1. An applicant must be a member of the Club prior to their application to attend a coaching course.
2. The Club's Director of Rugby must confirm an application as being in the interest of the Club. The Management Committee will decide any disagreement over the sponsorship of a member.
3. Applicants must pay the full amount of the course fee to the Club at least two weeks prior to the closing date for submission of course applications. The Club Coaching Coordinator will submit the member's application to the course organizer on their behalf.
4. Coaches that regularly conduct or support Club coaching sessions for one year following qualification may request that the Club refund their course fee. The Club's Director of Rugby must endorse a request for refund.
5. The Club Coaching Coordinator will invite all qualified coaches to register as available to cover a training session in an emergency. The Club will make this register available to the Club's coaches for their reference in case they need to organize a coaching replacement at short notice.
