Club Info

The Fox Inn FC was established in 2009 the team has been set up to help raise money for the Marie Curie Cancer Care. Money made through the season will be split between the club to help with running costs and the Marie Curie Cancer Care. In our first season the Club raised £2800 for Marie Curie Cancer Care. As far as records show, we are the first team to set up a club in this nature. We hope to blitz that total every season and each year improve on the totals raised.

The Fox FC is all about helping others and supporting others. Football comes second, supporting charity comes first. The Club is not about individuals or own performances, it is about supporting each other, helping raise money for charity and being a family. To play for the Fox FC you need to be passionate about the cause and want to help in any way possible to move the club forward and promote the club. That will include attending events, supporting the team even when not selected, encouraging each other on and off the pitch and respecting each other. You will also be encouraged to gain sponsorship and support for the club.

To run a football club is not easy and we are always looking for sponsors as this helps the club establish itself for future seasons and means we can continue the good work started in 2009.

In 2011 the Club will be supporting not only Marie Curie Cancer Care but also two other charities: Help for Heroes and Guardian Angels (York Hospital Children's Ward) We hope to raise thousands for these 3 charities, but can only do that by everyone pulling together at the club and working as a team and a group rather than individuals.

We now have a new website which everyone needs to register on, www.foxfc.com all club information, results and team selections will be published on this site.

Club Rules

We are constantly trying to take the club forward and promote the good name of the Fox FC, therefore our team is about respect and respecting others. We can not bring the clubs name into dispute. Being part of the Fox FC is not just about football, its about what we do off the pitch too.

Bookings

The Standard booking is now £10, however if you are booked for dissent the fee is £15 – This rule is from the 20th February 2011. The club will not tolerate dissent and an extra £5 will be added to the booking. Whist I understand some games harsh tackles occur, this is part and parcel of football and being a physical game. However mouthing off is not and needs stamping out. Sending off, fines vary, as you can be sent off for many different things, however I believe the fines start at £25+

Disrespecting Each Other

A club fine will be imposed for players disrespecting each other during a game. The only mouthing we want to hear on the pitch is supporting each other and offering encouragement. Any dissent shown to a team mate heard by either the Captain or the management will incur a £1 fine for each occasion

If fines or memberships are not paid on time or refused to pay, the player will be suspended until the fine is cleared. These are the rules of the club, please respect them. We only want players who respect the club, so if this structure does not suit you, please see a member of the management staff.

Team Selections

The club has a large squad and therefore will need to rotate more frequently, NO PLAYER is guaranteed a first team place and we ask players to respect our decisions. You may not like them, but we are a team and challenging the selection disrespects the management and the team mates selected ahead of you. We ask you, if your not selected, please to support your team and show encouragement to those that have been selected and not to challenge the management, as running the club is hard enough without the dissent shown.

About the Marie Curie Cancer Care,....this is why we do what we do!!

Providing care for terminally ill patients

Marie Curie Cancer Care was established in 1948 - the same year as the NHS.

More than 2,700 nurses, doctors and other healthcare professionals help provide care for terminally ill patients in the community and in our hospices, along with support for their families.

This year we expect to provide care to more than 31,000 people with cancer and other terminal illnesses.

Marie Curie Nurses

Research commissioned by Marie Curie Cancer Care shows that 65 per cent of people would choose to die at home. In reality, only 25 per cent achieve this.

Every year, [Marie Curie Nurses](#) make that wish possible for thousands of people with terminal cancer and other illnesses across the UK.

Our nurses now care for around 50 per cent of all cancer patients who die at home. They work through the night or during the day to provide care for patients in the comfortable and familiar surroundings of their own home.

They also provide practical and emotional support for carers and families at what can be an exhausting time. Marie Curie Nursing is always free of charge to patients and carers.

[Read more about our nursing services and nursing care in your home.](#)

Marie Curie Hospices

We have nine Marie Curie Hospices across the UK.

Each hospice offers specialist support in a relaxed, friendly and comfortable environment and no charge is ever made to patients or their families.

We provide the largest number of hospice beds outside the NHS. Voluntary contributions, together with statutory government funding, are essential to continue providing these vital services.

[Discover more about hospice care and our nine Marie Curie hospices.](#)

Research and innovation

Marie Curie Cancer Care is committed to ensuring that patients have the best possible care – and to carrying out the [research and development](#) necessary to find out what the best possible care is and how to provide it.

Palliative care research

[The Marie Curie Palliative Care Research and Development Unit](#) seeks to improve care for those affected by life-limiting illnesses through encouraging and carrying out research.

Our work at the unit investigates a wide range of subjects and issues, including care of the dying in hospital accident and emergency departments; continuity of care for terminally ill patients; and the experiences of dementia patients and their carers.

Other research

Scientists funded by [Marie Curie Cancer Care](#) are at the forefront of cancer research. They focus on how the cells of our bodies should normally operate; what causes these processes to go wrong, leading to cancer; and how better treatments can be developed.

Much of the work carried out relates to the fundamental mechanisms governing proper cell division and organisation and how damage to genes which have important roles in ordinary cells can cause a cell to become cancerous.

A brief history of Marie Curie Cancer Care

The story begins in 1948, the same year the National Health Service was launched.

Not long before the Hampstead-based Marie Curie Hospital was transferred to the NHS, a group of committee members from the hospital decided to preserve the name of Marie Curie in the charitable medical field.

This was the beginning of the Marie Curie Memorial Foundation – a charity dedicated to alleviating suffering from cancer today – today known as Marie Curie Cancer Care.

Following the donation of an engagement ring to help raise funds for the charity, the very first appeal was launched and brought in a substantial £4,000. By 1950 the ongoing appeal had raised a staggering £30,000 and two years later the Marie Curie Memorial Foundation officially became a charity - number 207994.

An extensive nationwide survey was undertaken to help identify medical, nursing and research needs in relation to cancer. The results formed the basis of the work of the Foundation and, largely, still do today.

The charity dedicated itself to:

- providing specialist homes for the care of cancer patients
- providing nursing for patients at home
- educating the public on the symptoms and treatment of cancer
- providing urgent welfare needs

At the time these ideas were quite revolutionary and the Marie Curie Memorial Foundation quickly established itself as a leader in the field of improving facilities for cancer patients.

Today Marie Curie Cancer Care:

- is dedicated to providing more and better care for patients and their families through the [Marie Curie Nursing Service and its nine hospices](#).
- is committed to carrying out the [research and innovation](#) necessary to find out what the best possible care is and how best to provide it.
- will ensure measures are in place to give people the choice of place their end of life care and death through The Marie Curie Delivering Choice Programme
- is determined that the needs of the dying remain on the political agenda and will continue to campaign for patients to be able to die in their own homes in all four countries of the UK through its [policy and public affairs work](#).

Much has changed since the pioneering days of 1948 but our core values have remained constant – putting patients and families first.

The FA Charter Standard Club Programme Respect Code of Conduct for Adult Players

Fox FC in aid of Marie Curie **Football Club** **Respect Code of Conduct for** **Adult Players**

We all have a responsibility to promote high standards of behaviour in the game.

Players tell us they want a referee for every match, yet 7,000 match officials drop out each season because of the abuse and intimidation they receive on and off the pitch. Respect your referee today and you may just get one for every match this season.

- Adhere to the Laws of The Game
- Display and promote high standards of behaviour
- Promote Fair Play
- Always respect the match officials decisions
- Never engage in public criticism of the match officials
- Never engage in offensive, insulting or abusive language or behaviour
- Never engage in bullying, intimidation or harassment
- Speak to my team-mates, the opposition and my coach/manager with respect.
- Remember we all make mistakes.
- Win or lose with dignity. Shake hands with the opposing team and the referee at the end of every game.

I understand that if I do not follow the Code, any/all of the following actions may be taken by my club, County FA or The FA.

I may:

- Be required to apologise to team-mates, the other team, referee or team manager
- Receive a warning from the coach
- Receive a written warning from the club committee
- Be required to attend a FA education course
- Be dropped or substituted
- Be suspended from training
- Not be selected for the team
- Be required to serve a suspension
- Be fined
- Be required to leave the club.

In addition:

- The FA/County FA could impose a fine and/or suspension on the club.
