In all Rounds of the Competition, up to 8 replacements may be named provided that of the 23 named players and replacements, there must be sufficient front row players to play at hooker, tight-head prop and loose-head prop who are suitably trained and experienced to ensure that on the first occasion that a replacement is required in each front row position, the team can continue to play safely with contested scrums. If the team is only able to nominate two suitably trained front row players then only 22 players may be nominated for the match.

A Club may play without any named replacements. If that Club names 15 players only there is no need to name more than 3 suitably trained and experienced front row players.

If a team is only able to nominate two suitably trained front row players then only 22 players may be nominated for the match.

The replacement of a front row forward **must** come from suitably trained and experienced players who **started** the match or from the nominated replacements.

If after a front row player has been sent off or during the time a front row player is temporarily suspended, and there are no further front row players available from the nominated team, then uncontested scrums will be ordered. **It is not the responsibility of the match official to determine the suitability of trained front row replacements nor their availability, as this is a team responsibility.**
