

FOOTBALL ASSOCIATION OF WALES

FAW REGIONS CUP

THE RULES OF THE REGIONS CUP COMPETITION 2013/2014

Name of the Cup

1. The Cup shall be called "The Football Association of Wales Regions Cup."

Cup Ownership

2. The Cup is the property of the Football Association of Wales Limited.

Control of the Competition

3. The entire control and management of the Competition shall be vested in the Council. The Council shall have the power to formulate Rules of the Competition and to alter or add to the Rules as they, from time to time, deem expedient. The Council shall appoint a Committee to control and manage the Competition on their behalf and to give decisions on matters arising out of the Competition which, within the Rules laid down by the Council, shall be deemed decisions of the Council. Teams shall be bound by any Contract entered into by the Council in relation to the Competition. In any matter not specifically mentioned in these Rules, the Committee shall have the power to take such action and impose such penalties as it deems necessary.

Competition Format

4. The competition format will be a League system with each Area Association playing the others once during the first season. The fixtures would then be reversed the following season, so each Area Association would play a total of six games in the Competition, over the two seasons.
5. Three points will be awarded for a win, one for a draw and zero for a defeat.

Equality of Points

6. If two or more teams are equal on points after all matches have been played, the following criteria are applied to determine the rankings;
 - a) Higher number of points obtained in the matches played between the teams in question.
 - b) Superior goal difference resulting from the matches played between the teams in question.
 - c) Higher number of goals scored in the matches played between the teams in question.
 - d) If, after having applied the criteria a-c, two teams still have an equal ranking, criteria a-c are reapplied to determine the ranking of the two teams. If this procedure does not lead to a decision, criteria e) and f) apply.
 - e) Results of all matches in the League:
 - (i) Superior goal difference
 - (ii) Higher number of goals scored
 - f) Drawing of lots.
7. However, if two teams which have the same number of points and the same number of goals scored and the same number of goals conceded, play their last League match against each other and are still equal at the end of that match, their

final rankings are determined by kicks from the penalty mark (in accordance with Rule 27) and not by the criteria listed above, provided no other team within the League has the same number of points on completion of the League matches. This procedure is only applicable to determine the League Winner and Runner-Up.

Laws of the Game

8. Matches are played in conformity with the Laws of the Game promulgated by the International Football Association Board (IFAB).
9. Each match lasts 2 x 45 minutes.

Dates of Matches

10. The 2013- 2014 Regions Cup will be held over the period of two Seasons with three matches played by each Area Association, per Season.
11. Within 21 days of the draw being made, teams must mutually decide on the fixture dates and time, as per the FAW Conference Dates and notify the Football Association of Wales.
12. Where Area Associations fail to agree as to the date fixed for the Tie, or any postponed Match or replayed Match as the case may be, The Football Association of Wales shall decide the issue upon such terms and conditions as it shall deem expedient.

Ground Facilities

13. The Home Team is responsible for selecting the ground(s) where the League matches are to be played. Goal nets must be used in all ties. The playing area must be railed or walled off, except those areas and spaces excluded from spectator viewing. Dressing and washing accommodation must be separate for each team and Match Officials. Toilets which are not available for spectator use must be provided for dressing rooms used by Players and Match Officials. There must be covered benches for the Substitutes and Technical Staff. These must accommodate at a minimum 8 people, but preferably accommodate 13 people.
14. Matches should be played within the territory of the Home Area Association. However, if the two Area Associations concerned wish to play both games at a neutral venue, this is accepted by the FAW.
15. Artificial turf must be approved by the FAW. It must have been granted the required FIFA licence, meeting the FIFA quality standards for football turf. It must meet all the requirements of the National Legislation in force. The surface must also be green and marked in white.

Match Officials

16. The Match Officials for the competition will be appointed by the Football Association of Wales. The match officials must not reside within, or be registered to the same Area of any competing Area Association. The match fees

and travel expenses are to be determined by the Referees Panel of the Football Association of Wales.

Substitution of Players

17. The substitution of three players, from a maximum of seven per team, is permitted in the course of the match.
18. During the game, substitutes are allowed to leave the technical area to warm up. The referee determines where exactly they may warm up (behind the first assistant referee or behind the goal) and how many substitutes are allowed to warm up simultaneously. Normally, three substitutes per team are allowed to warm up at the same time, but if space so permits, the referee can allow all the substitutes of each team to warm up simultaneously in the determined area.

Match Team Sheet

19. Before the match, each team receives a Match Team Sheet on which the numbers, full names, club and dates of birth of the 18 players in the squad must be entered, together with the full names of the team officials (maximum of six) seated on the substitutes' bench. The match sheet must be properly completed in block capitals and signed by the authorised team official.
20. The 11 first-named players must commence the match. The other seven players are designated as substitutes. The numbers on the players' shirts must correspond with the numbers indicated on the match sheet. The goalkeepers and team captain must be identified.
21. Both teams must hand their match sheets to the referee at least 45 minutes before kick-off.
22. If the match sheet is not completed and returned on time, the matter will be submitted to the Compliance Department.
23. Only three of the substitutes listed on the match sheet may take part in the match. A player who has been substituted may take no further part in the match.
24. If there are fewer than seven players on either of the teams, the match is abandoned. In this case, the relevant Committee decides on the consequences.

Replacement of players on the match sheet

25. After the match sheets have been completed and signed by both teams and returned to the referee, and if the match has not yet kicked off, the following instructions apply:
 - If any of the first 11 players listed on the match sheet are not able to start the match for any reason, they may be replaced by any of the seven substitutes listed on the match sheet. Such replacements will reduce the quota of substitute players accordingly. During the match, three players may still be replaced.

- If any of the seven substitutes listed on the match sheet are not able to be fielded for any reason, they may not be replaced, which means that the quota of substitute players will be reduced accordingly.
- If a goalkeeper listed on the match sheet is not able to be fielded for any reason, he may be replaced by another goalkeeper not previously listed on the match sheet.

Half-time interval

26. The half-time interval lasts 15 minutes.

Kicks from the Penalty Mark

27. If in the game, which determines the League Champion (as per Rule 7), requires kicks from the penalty mark, the procedure laid down in the Laws of the Game applies.
28. The referee decides which goal will be used in the event of kicks from the Penalty mark. For reasons of safety/security, state of the field of play, lighting or any other similar reasons, the referee may choose which goal will be used without tossing a coin. In this case, the referee is not required to justify the decision, which is final. If the referee considers that either goal can be used for the kicks, then, in the presence of the two captains, the referee decides that the head side of the coin corresponds to one goal and the tail side to the other. The referee then tosses the coin to determine which goal will be used.
29. To ensure that the procedure is strictly observed, the referee is assisted by the assistant referees, who also note down the numbers of the players on each team who take kicks from the penalty mark. The assistant referees position themselves according to the diagram in the *Laws of the Game*.
30. If the taking of kicks from the penalty mark cannot be completed because of weather conditions or for other reasons beyond control, the result will be decided by the drawing of lots by the referee in the presence of the Match Delegate (if appointed) and the two team captains.
31. If through the fault of a team, the taking of kicks from the penalty mark cannot be completed, the relevant Committee will decide the outcome of the Match.

Player Eligibility

32. Players are eligible to play in the competition if they meet all of the following criteria throughout the competition.
- 32.01 Players must respect the criteria regarding amateur status and must be non-contract players.

Yellow and red cards

33. A player who is sent off the field of play is suspended for the next match of the FAW Regions Cup competition, unless there is evidence of an obvious mistake of identity by the referee.
34. In the case of repeated cautions in different matches, the offending player is suspended for one match in the same competition after the second and fourth caution.
35. Single yellow cards that have not resulted in a suspension expire on completion of each FAW Regions Cup and are not carried forward to future competitions.

Declaration of protests

36. Area Associations are entitled to protest as per FAW Rules and Regulations.
37. Protests must reach the Compliance Department in writing, stating the reasons, within 48 hours of the completion of the match. This 48 hour time limit cannot be extended.
38. The protest fee will be confirmed by the FAW Compliance Department. It must be paid at the same time as the protest is filed.

Reasons for protest

39. A protest is directed against the validity of a match result. It is based on a player's eligibility to play, a decisive breach of the Regulations by the referee, or other incidents influencing the match.
40. Protests concerning the state of the field of play must be submitted to the referee in writing by the relevant official before the match. If the state of the field of play

becomes questionable in the course of the match, the team captain must inform the referee, in the presence of the captain of the opposing team, orally without delay.

41. Protests cannot be lodged against factual decisions taken by the referee.
42. A protest against a caution or expulsion from the field of play after two cautions is admissible only if the referee's error was to mistake the identity of the player.

Appeals

43. The standard FAW Competition Appeals Procedure will apply.

UEFA Regions Cup

44. The Winners of the FAW Regions Cup will be nominated to represent Wales in the following UEFA Regions Cup.
45. The Rules of the UEFA Regions Cup are a different set of Rules to the FAW Regions Cup. The FAW Council controls the Rules to the FAW Competition as confirmed in Rule 3. UEFA controls the Rules to the UEFA Regions Cup.
