CONSTITUTION OF THE SURREY CHAMPIONSHIP

R1 - TITLE	
	<p>The Association shall be called "The Surrey Championship" ("the Championship").</p> <p>The Championship may elect a President and Honorary Life Vice-Presidents at its Annual General Meeting or at a Special General Meeting and nominations for Honorary Life Vice-Presidents are to be first approved by and nominated by the Executive Committee to the Championship at its Annual General Meeting or at a Special General Meeting.</p>
R2 - INTENTION	
	<p>The intention of the Championship shall be to organise cricket on a predominantly amateur basis for the Members of the Championship, with the object of playing club cricket in the Spirit of Cricket as enshrined in our code of conduct.</p>
R3 - COMPOSITION	
(a)	<p>The Championship shall consist of such number of Clubs as is needed to enable the various Leagues set out in R4 below to function with an appropriate number of teams in each. The Championship will manage its Leagues in conjunction with the Surrey County League, and the Leagues within the two organisations, taken together, are referred to for the purposes of these rules as "the Structure".</p>
(b)	<p>To qualify for membership of the Championship a Club must have a minimum of two teams (ie a 1st XI and 2nd XI) playing within the Structure and at least one team playing in a Championship League. Member clubs must have a main ground considered for cricket purposes by the Surrey Cricket Board to be within the county of Surrey. To maintain membership, clubs must pay fees and other dues to the Championship set out elsewhere in these rules and must at all times hold public liability insurance.</p>
(c)	<p>The normal means of entry for a Club to the Championship will be as a result of one or more of its teams gaining access through promotion from the Surrey County League. Under the same principle, the normal means of exit from membership will be when a Club no longer has a team playing in any Championship League as a result of relegation from those Leagues. The arrangements governing promotion and relegation between the Championship and the County League are set out in detail at PC9 of Appendix 1 of this constitution.</p>
(d)	<p>A Club which fails to meet the qualifying requirements in R3b above will forfeit its right to continuing membership. However, a Club which as a result of a shortage of playing members finds itself unable during the course of any season to fulfil its 2nd XI fixtures, wherever that 2nd XI may be playing within the Structure, may continue to field a 1st XI within the Championship for the remainder of that season. To retain membership subsequently, the Club must be able to satisfy the Executive Committee that it will be able to fulfil its 2nd XI fixtures in the following season. The Executive Committee will have discretion over the acceptance or otherwise of such assurances.</p>
(e)	<p>Under R3d above, the Executive Committee will have ultimate discretion to terminate the membership of any Club which it does not consider capable of sustaining two viable XIs within the structure. Expulsion of a Club for other reasons must be by way of a proposal considered and voted on at an Annual General Meeting or a Special General Meeting.</p>
R4 - THE FORM OF THE CHAMPIONSHIP

For the avoidance of doubt any fixture requiring a main ground change or substitution must have the permission of the Grounds and Playing Facilities sub-committee, prior to such a change taking place</p> <p>(iii) Any permanent change of ground and reasons for so doing together with new location and full plans of the facilities proposed.</p> <p>(iv) Any proposed agreement regarding ground sharing. Permission to do so would be refused if the Grounds & Facilities Sub Committee considered this to be detrimental to the best interests of the Surrey Championship.</p>
PC11 – CANCELLING AND CONCEDED MATCHES	
(a)	No game shall be cancelled prior to the agreed starting time unless by the express agreement of the two Captains.
(b)	<p>No game shall be conceded by one club to another, without the prior approval of the Executive. Points equivalent to a win shall be awarded to the club to whom the game has been conceded. The Executive Committee shall have an overriding discretion to waive, suspend or in any way modify this sanction in its absolute discretion, which shall not be subject to appeal by any Member Club.</p>
(d)	Any Member Club who concedes a match must inform the opposition as early as possible – but if it is after mid-day on Thursday will be liable to pay the other club £75 towards their costs.

In the event of a Member Club being unable to fulfil all its fixtures on any day, the playing of the 1st XI fixture shall take precedence over the playing of the 2nd XI fixture which shall in turn take precedence over the playing of any lower XI fixture, with each higher team taking precedence.</p> <p>For the avoidance of doubt where clubs have teams which play in more than one competition (whether the Surrey County League or any other) the order of precedence set out above must be strictly adhered to so that the team or teams lowest in the club's hierarchy must be those that are withdrawn from their fixture(s). This is an important principle of fair competition within the League and teams which participate in a match in contravention of this playing condition will be deemed to have conceded that match, in addition to which the Executive Committee reserves the right to apply a financial or points penalty taking account of all the circumstances.</p>
PC12 – REGISTRATION CATEGORIES OF PLAYERS

APPENDIX TWO - CODE OF CONDUCT, SPIRIT OF CRICKET AND DISCIPLINARY REGULATIONS

1. Code of conduct	
(a)	The Championship is committed to maintaining the highest standards of behaviour and conduct. This Code of Conduct incorporates the Spirit of Cricket as set out below. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains
(b)	There are two Laws which place the responsibility for the team's conduct firmly on the captain. Responsibility of Captains The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws. Player's Conduct In the event of any player failing to comply with the instructions of an umpire, criticising his decision by word or action, showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, requesting the latter to take action.
(c)	Fair and Unfair Play According to the Laws the umpires are the sole judges of fair and unfair play. The umpires may intervene at any time, and it is the responsibility of the captain to take action where required.
(d)	The umpires are authorised to intervene in cases of: <ul style="list-style-type: none"> • Time wasting • Damaging the pitch • Dangerous or unfair bowling • Tampering with the ball • Any other action that they consider to be unfair.
(e)	The Spirit of the Game involves RESPECT for: <ul style="list-style-type: none"> • Your opponents • Your own captain and team • The role of the umpires • The game and its traditional values.
(f)	It is against the Spirit of the Game: <ul style="list-style-type: none"> • To dispute an umpire's decision by word, action or gesture • To direct abusive language towards an opponent or umpire • To indulge in cheating or any sharp practice, for instance appeal knowing the batsman is not out • advance towards an umpire in an aggressive manner when appealing • seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side.
(g)	Violence There is no place for any act of violence on the field of play.
(h)	Players Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.
(i)	Failure to comply with the provisions of this Paragraph 1 may lead to disciplinary action, irrespective of an alleged breach being related to a match not under the jurisdiction of the League
3. Disciplinary Committee	
(a)	Aims and Jurisdiction These regulations shall apply to any player who plays for any club in the Championship. It is intended that any breach of Paragraph 1 should in the first instance be dealt with by the player's club who shall notify the Chairman of the League of the result of any action taken against its player
(b)	The Executive shall appoint a Disciplinary Committee as defined in R5, who shall be empowered to deal with all disciplinary matters relating to the conduct of Member Clubs and/or their players. The Championship adopts the Disciplinary Regulations set out in appendix herein..
(c)	Any player banned from playing in any match for any period of time in any other League, shall be banned from playing in any match in the Surrey Championship for exactly the same period.
(d)	Clubs must notify the Registration Secretary immediately a player has been banned through an internal club disciplinary action instigated in respect of a matter notified to them by the Executive. APPENDIX THREE - JUNIOR AND YOUNG PLAYERS ECB FAST BOWLING DIRECTIVES, HELMET GUIDELINES AND FIELDING RESTRICTIONS

ECB Safety Guidance on the Wearing of Cricket Helmets by Young Players

In February 2000 the England and Wales Cricket Board (ECB) issued safety guidance on the wearing of helmets by young players up to the age of 18.

In brief, the guidance recommends that:

- helmets with a faceguard or grille should be worn when batting against a hard cricket ball in matches and in practice sessions
- young players should regard a helmet with a faceguard as a normal item of protective equipment when batting, together with pads, gloves and, for boys, an abdominal protector (box)
- young wicketkeepers should wear a helmet with a faceguard, or a wicket-keeper face protector, when standing up to the stumps. With the assistance of schools, cricket clubs and leagues, the wearing of helmets by young players is now standard practice in cricket throughout England and Wales. Helmets are widely available and are covered by a British Standard (BS7928:1998). A face protector represents an alternative head protection system for young wicket keepers. Face protectors are, all the time of publication of this guidance, a relatively new innovation. Wicketkeeper Face Protectors are covered by a new British Standard (BS 7928 – 2:2009)

The original guidance allowed parents or guardians to give their written consent to allow a young player not to wear a helmet. However now parental consent not to wear a helmet should not be accepted in any form of cricket.

This guidance applies to all players up to the age of 18, both in open age group cricket and in all junior cricket played with a hard cricket ball.

The guidance also applies during all practice sessions. Any individual taking responsibility for players should take all reasonable steps to ensure that this guidance is followed at all times.

The ECB asks that the guidance is communicated to the parents or guardians of all young players through clubs and schools, and that young players are not allowed to bat or stand up to the stumps when keeping wicket against a hard ball without wearing appropriate protection.

ECB Fast Bowling Match Directives

Issued October 2009. For any subsequent changes visit www.play-cricket.com

AGE	MAX. OVERS PER SPELL	MAX. OVERS PER DAY
Up to 13	5	10
U14, U15	6	12
U16, U17, U18, U19	7	18

For the purpose of these Directives a fast bowler is defined as a bowler to whom a wicket keeper in the same age group would **in normal circumstances** stand back to take the ball.

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his* spell have been bowled from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded. If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end.

If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast. Captains, Team Managers and Umpires are asked to ensure that these Directives are followed at all times. **For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row.**

Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

*Any reference to he/his should be interpreted to include she/her.

ECB Guidelines for junior players in open age cricket

These guidelines cover the selection and participation of young players in open age cricket. They designed to help clubs to decide when to

select young players in open age cricket and how best to help their cricketing development when they play within open age groups. They apply to boys and girls equally. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

Guidance for Clubs and Leagues

All clubs must recognise that they have a duty of care towards all young players who are representing the club. This duty of care also extends to Leagues that allow the participation of young players in open age groups in their League. The duty of care should be interpreted in two ways:

- Not to place a young player in a position that involves an unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player.
- Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against adult players. In addition the following specific requirements apply to young players in open age cricket.
 - Making the step up from junior to open age group cricket is a significant event in any player's cricket experience. Ensure the player's safety, personal development needs and overall cricket experience are considered
 - There is no definitive age at which a player should be introduced to open age group cricket, but each case is to be determined on an individual basis, depending on the player's ability and stage of cognitive and emotional maturity to take part at this level. That said clubs, squad coaches and managers must take into account the requirements on age detailed in the last bullet of this guidance.
 - ECB Fast Bowling Directives and Fielding Regulations should always be adhered to for junior players in open age group cricket
 - Provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.
 - Be supportive, at all times, for all forms of effort even when children are not successful. Try and put them in situations where they will experience some success (however small) and ensure plenty of praise and encouragement.
 - Try and involve them in all aspects of the game wherever possible i.e. socialising, team talks, practice, decision making and so on, so they feel part of the team.
 - Children will often feel more comfortable and able to perform if they have a family member or friend also playing in the side.
 - Remember, children's early experiences will remain with them always and will often determine whether they want to remain playing the game or give up and do something else.
 - Players who are selected in a County U12 squad in spring for a summer squad or in another squad deemed by ECB Performance Managers to be of a standard above 'district level' for that season are eligible to play open age cricket. This is providing they are at least 11 years old, are in School Year 7 on 1st September in the year preceding the season, and have written parental consent to play. In allowing these players to play in open age cricket it is essential clubs and coaches recognise the 'duty of care' obligations they have towards these young players

This means boys and girls who are county squad and area squad players, are able to play open age group cricket if they are in an U12 age group and are a minimum of 11 years old on 1st September of the year preceding the season. District and club players who are not in a county or area squads must wait until they reach the U13 age group, be in Year 8 and be 12 years old on 1st September of the preceding year before being able to play in any open age group cricket. As before written parental consent is required for these players.

The duty of care should be interpreted in two ways:

- Not to place a young player in a position that involves an unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player.
- Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against adult players.

In addition, the guidelines note the need for clubs and leagues to recognise the positive experience young players should have in open age cricket. Clubs should provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.

- 1. Any player in Year 7 or below (Under 12 at midnight on 31st August in the year preceding the current season) cannot play in open age cricket with or without explicit written consent.**

Fielding Regulations

The ECB has regulations covering the minimum fielding distances for young players in all matches where a hard ball is used.

- No young player in the Under 15 age group or younger shall be allowed to field closer than 8 yards (7.3 metres) from the middle stump, except behind the wicket on the off side, until the batsman has played at the ball.
- For players in the Under 13 age group and below the distance is 11 yards (10 metres).
- These minimum distances apply even if the player is wearing a helmet.
- Should a young player in these age groups come within the restricted distance the umpire must stop the game immediately and instruct the fielder to move back.
- In addition any young player in the Under 16 to Under 18 age groups, who has not reached the age of 18, must wear a helmet and, for boys, an abdominal protector (box) when fielding within 6 yards (5.5 metres) of the bat, except behind the wicket on the off side. Players should wear appropriate protective equipment whenever they are fielding in a position where they feel at risk.
- These fielding regulations are applicable to all cricket in England and Wales. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.
