

What is Pitchside Refs?

Pitchside Refs helps to keep you and your appointments officer organised. If you've ever been an appointments officer, you'll know how much work is involved chasing up referees and availability.

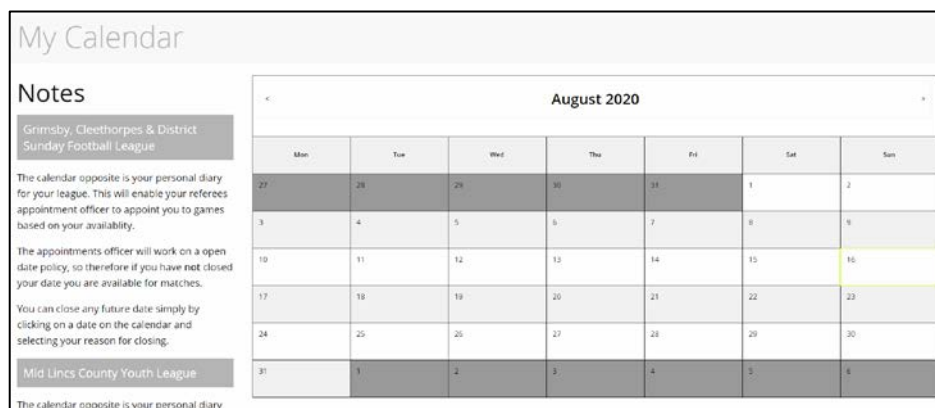

Your league has chosen to use Pitchside Refs this season to help with appointing and availability. This only works if you also help by keeping your account up to date.

Think of Pitchside Refs as a huge calendar that enables you to let your appointments officer know when you are and are not available for games within their league.

Your appointments officer will set you up on Pitchside Refs. Once they do this you will receive your login details via email. As a referee all you need to do is login and close off any dates you DO NOT want to have a game on.

How to use Pitchside Refs

When you login you'll see a dashboard like this:

The appointments officer will work on an open date policy, so therefore if you have not closed your date you are available for matches.
